

San Carlo Senior School Board of Management - Agreed Report September 27th 2021

Board of Management: Present: Helen Egan, Clare Mac Hugh, Niall Sherlock, Kathleen Molloy, Denis Hourihane, Alison Healy, Lorraine O'Sullivan, Martin Carley.

The meeting was held face-to-face while observing Covid protocols in order to facilitate the delivery of the Child Protection Oversight Report.

Current Staffing: 11 classroom teachers, 4 SEN teachers and 3.5 SNAs. We gained an extra teacher in September which allowed us to have three smaller 5th Class groups with fewer than 20 pupils per class. We welcome all our new staff to the school and congratulate Niall Sherlock on his appointment to Deputy Principal. We also welcome back everyone to the new school year, especially our new pupils from the Junior school.

Child Protection: The Child Protection Oversight Report was approved by the board.

Child Protection Designated Liaison Person:
Clare MacHugh
Deputy Designated Liaison:
Rhona Sirr

School Ethos: Confirmations took place on September 17th, in line with Covid restrictions. First Confessions were held on September 13th & 27th and First Communion took place on October 2nd. All were very successful and we thank our celebrants and the parish team for all their work in making the events so special for the children.

Buildings: Our roof repairs will begin on October 23rd.

Curriculum & Special Education: RSA Road Safety workshops took place in September. We have purchased 4 Ipads for our SEN rooms. Our 3rd & 5th classes will complete the Stay Safe programme this term.

Keeping Active: Swimming classes have resumed at the NAC for 4th class, and 5th & 6th classes will begin in November. All our students are enjoying Rugby sessions, thanks to Barnhall RFC and coach Luke Ingleton.

Parents' Association: Many thanks to the PA for providing goodie bags for our Confirmation and Communion candidates.

We are also very grateful to the PA's gardening committee for continuing to tend to our school garden.

The PA held a very successful uniform sale in early September and also organised a very popular non-uniform Jersey Day.

Health & Safety: Huge thanks to our parents/guardians for the high levels of compliance with our Covid Response Plan.

We have received 7 CO2 monitors and are sharing them between classrooms. We continue to have additional daily Covid cleaning.

School Self-Evaluation: This term we are focusing on our Covid Response Plan and on Fundamental Movement Skills in PE.
